☆ Parcel Web Map Viewing ** (31)

* Other Parcel Data Sources besides County Assessors:
Between 1998 and 2006, the State Tax Department collected digital parcel polygons for rural tax districts as part of the Mineral Lands Mapping Program. In addition, several County 911 Addressing and Mapping Coordinators have created digital parcels.

** Publically accessible Web service for viewing digital parcel maps online.

Counties using GIS to manage surface parcels

March 2017

GIS Program Definition

- Seamless countywide parcel map files
- Geo-referenced to a common coordinate system
- Linked to an external database via the property identification number
- Continual maintenance of digital parcel files
- Digital surface tax maps published according to state guidelines
